Over the past several years our company has worked with many terrific clients. Without their confidence and the opportunity they have extended, our growth would not have been possible. We hope our clients continue to have trust in our ability to assist with their development and construction projects. We thank you.

Along the way, we have teamed up with some of the best vendors and subcontractors in the industry. These companies are vital to the timeliness, safety and quality of our work. We appreciate you.

The next few years will present exciting challenges as we expand our presence in Orlando, Tampa and South Florida. Essential to this growth is a strong management team. We currently have a very innovative, intelligent, and hard working core group of people that enjoy what they do and care about the end result. To accomplish this vision the W. G.
